

# Azhar Khan

Full Stack Developer (PHP, Laravel, Vue.js, Database)

I am an enthusiastic and driven Computer Science graduate from the University of Islamabad, specializing in PHP, Laravel, Vue.js, and database management. I am seeking a Graduate Web Developer position where I can apply my strong analytical skills and technical expertise to contribute to innovative web solutions.

## WORK EXPERIENCE

### Php-Laravel Developer KNS Technology

04/2024 - Present

Islamabad, Pakistan

#### Achievements/Tasks

- Contributing to the development of **Miyar.pk**, a flagship product of the company, focused on delivering innovative digital solutions.
- Completed the **LCE project** with domain **https://dev.lce.ac/**, developed entirely with **Laravel**, including design and implementation of both the **admin panel** and **frontend**.
- Developed the **Business360 project** with domain **https://360.wavedecible.com/** using **PHP**, focusing on delivering a robust and scalable business solution.

### Junior Laravel-Vue.js Developer CDigital

07/2022 - 11/2023

Rawalpindi, Pakistan

#### Achievements/Tasks

- Worked on the **CERP project**, developed specifically for the Kashmir region, utilizing **Laravel**, **Vue.js**, and **GraphQL** to deliver targeted solutions that address local needs.
- Developed a **Lands and Deeds Record Management System** using **Laravel** for the backend, **Vue.js** for the frontend, and **GraphQL** for efficient data querying.
- Provided support for the **Driving License Management System** by resolving queries and performing data management tasks using SQL.
